Dear Siddharth,

We had entrusted you with the responsibility of executing a long pending Lease Deed with MIDC. The task was a bit complex given that one of the Original Partners had expired before execution of the deed and a new Partner had been admitted. The impact on Stamp Duty calculations had to be carefully studied.

I am happy to acknowledge that you and your team handled the entire process smoothly and in a reasonable time frame, given the Covid related issues.

I would un-hesitatingly recommend your name to anyone who needs such services.

Thanks to you and your Team and wishing you'll the very best.

With best regards,

Rajiv Kallianpur

Partner
